Audio Division of the  
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 295A at Boswell, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 295A to Boswell, Oklahoma as that community's first competing FM service.<sup>1</sup> Boswell is an incorporated city with a population of 703 people.<sup>2</sup> Boswell has its own mayor, its own police department, Steve Heming chief of police, city offices, post office, volunteer fire department, and a

---

<sup>1</sup> Station KUMA/ Channel 300 C2 is currently licensed to Oil City, Louisiana.

<sup>2</sup> 2000 U.S. Census

number of local churches. The proposed channel 295A will provide additional diversity and an outlet for local self-expression to Boswell residents and therefore is in the public interest.

In order for Channel 295A to be allotted to Boswell, Oklahoma, station KHTT Channel 295C at Muskogee, Oklahoma must be reclassified to a C0. (See, Attachment A, Request to Reclassify Statement)

Attached hereto is a channel study confirming that Channel 295A can be allocated to Boswell, Oklahoma, consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment B)

Reference coordinates for Channel 295A at Boswell, Oklahoma are:

33 55 00 N  
95 47 00 W

Should this petition be granted, and Channel 295A be allotted to Boswell, Oklahoma, Petitioner will apply for Channel 295A, and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'Crawford', is written over a horizontal line.

Petition for Rule Making  
FM Channel 295A  
Boswell, Oklahoma  
August 5, 2003

**Attachment A**

Request to Reclassify  
Station KHTT(FM), Muskogee, Oklahoma  
Pursuant to MM Docket 98-93

Radio Station KHTT(FM), Muskogee, Oklahoma is licensed to Renda Broadcasting Corporation of Nevada, 900 Parish St., 4<sup>th</sup> Floor, Pittsburgh, PA 15220, (Facility ID 55704), FCC File No. BLH 19820914AJ. The facility operates with a power of 100 kilowatts with center of radiation 308 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KHTT (FM) be modified to specify operation on FM Channel 295C0 instead of on FM Channel 295C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

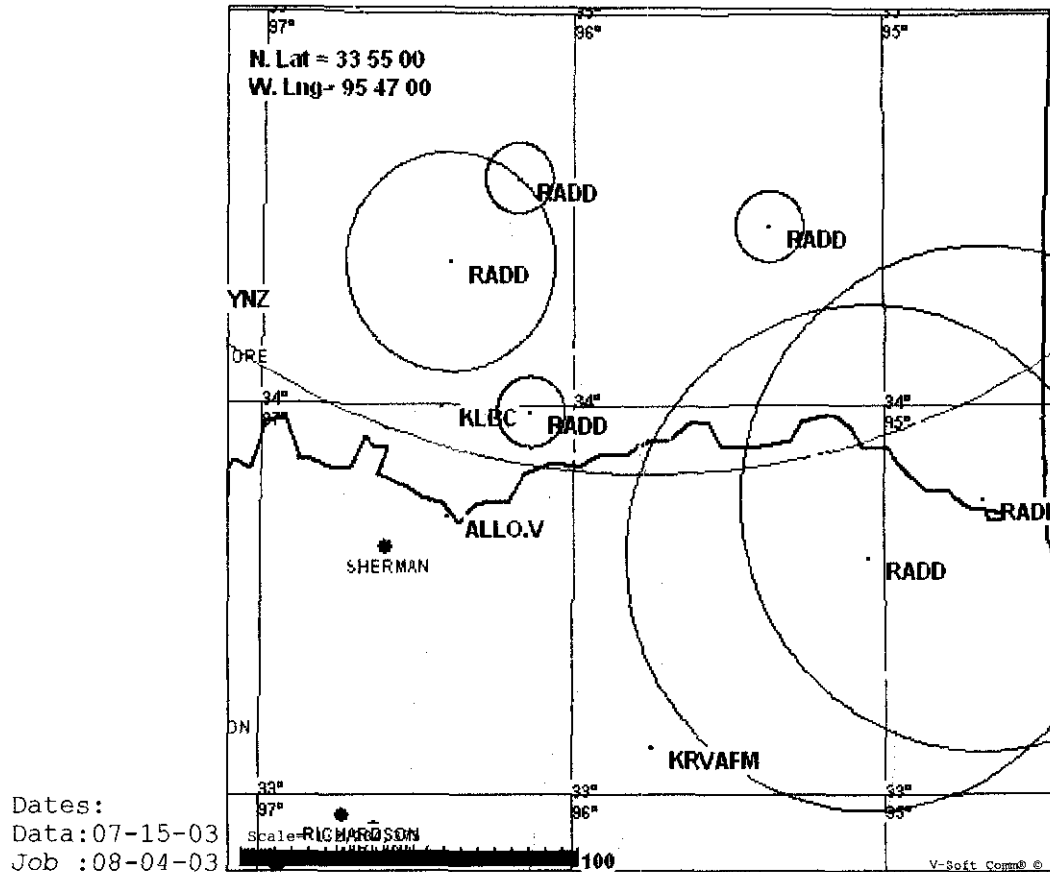

Charles Crawford, the proponent of Channel 295A at Boswell, Oklahoma in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KHTT (FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Boswell, Oklahoma as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Renda Broadcasting Corporation of Nevada, as is required in the above Docket.

Charles Crawford
